4-Bedroom Home with Indoor Pool!

This spacious home offers 4 good-sized bedrooms and 3 full bathrooms, making it ideal for a large family or anyone needing extra space. The main bedroom has its own bathroom. The living room, dining room, and kitchen are all separate—perfect for those who prefer a traditional layout over open plan. There's also a separate laundry room with extra space for appliances and storage.

One of the key features is the indoor entertainment area, which includes a built-in bar and an indoor pool—great for relaxing or hosting gatherings all year round.

Outside, the home has a double garage and two carports, giving you plenty of space for vehicles, tools, or storage. This is a well-built, comfortable home with great extras that add real value. It's not brand new, but it has been looked after and is ready for someone to move in and make it...
